

Eastwood Primary School and Nursery

Our creative environment.

Our corridors create a visual image of our school's vision. We want our children to receive a rich, vibrant, exciting curriculum whilst at Eastwood.

Our Curriculum themes are set to ensure broad and balanced learning, but teachers are encouraged to adapt their planning to suit the needs and interests of the children.

We really appreciate teachers who bring new and exciting ideas to Eastwood.

Eastwood Primary School and Nursery

Social and emotional well being is very important for everyone at Eastwood.

Zola is our therapy dog who works with children and adults.

We have two Child and Family Support workers who work with our children and their families.

Teachers have dedicated PPA time with their year group colleague.

Teachers are offered 1-1 mentoring time.

CPD is highly regard and actively encouraged.

Eastwood Primary School and Nursery Cultural capital

At Eastwood we love taking children on school visits.

In the past we have taken Years 2,3,4,5 and 6 to Harry Potter World (7 coaches of children!). We have also taken the whole school to the London Aquarium.

Nursery visited the palace theatre, followed by fish and chips. Our Year 1 children visited Lego Land, Year 5 have spent the night on HMS Belfast, Year 6 have visited the Tower of London and watched the Lion King.

We actively welcome new and exciting visits ideas!
