

**Westcliff High School
for Boys**

JOB DESCRIPTION
TEACHER OF
FOOD PREPARATION & NUTRITION

INTRODUCTION

The Technology Department at Westcliff High School for Boys (WHSB) has been a high performing Department for many years. We have had consistently strong results at GCSE and Advanced Level. The Department has grown significantly in previous years and we are now looking to increase our capacity to teach Food Preparation & Nutrition. Accordingly, the Department's facilities have recently undergone a significant refurbishment to modernise the teaching space which has included the provision of a state-of-the-art Food room.

At present, Food Preparation & Nutrition is taught to Lower School (Years 7-9) pupils and we would consider the possibility of expanding to GCSE provision under appropriate circumstances. The Department requires a person who has the ability to self-manage, shape and promote the subject area with a forward-thinking and modern approach.

The Department plays an important role in the extra-curricular life of the School. We offer a variety of additional clubs which pupils can attend, aimed at those in need of support or extending the more able. Specifically for Food Preparation & Nutrition, we have run a programme of activities for Years 12 and 13 students as part of the School's Wednesday afternoon Sixth Form programme. In addition, for our Lower School pupils, we offer Cookery Club and The Rotary Young Chef Challenge.

ACCOMMODATION AND FACILITIES

The Technology Department is based in a separate building containing two workshops, a computer suite, a Food room and staff work facilities. The building, which was refurbished at a cost of £1.5m in September 2018, has up-to-date facilities and a fully equipped, attractive teaching environment. Specifically, our Food room has 12 integrated cooking stations, as well as a purpose built demonstration area and two store rooms.

CURRICULUM

The Lower School syllabus has been carefully designed to encourage independent learning. The focus is largely on introducing practical cookery skills. Pupils get to experiment with different techniques and common apparatus as they follow recipes to prepare simple dishes based on topics such as basic kitchen skills, healthy takeaways and world cuisines. Through practical experiences, the curriculum also aims to ensure our pupils are well informed about food safety and nutritional value in the choice of ingredients.

In Year 7, teaching is spread over the academic year whilst in Years 8 and 9, groups are taught as part of a Design & Technology carousel. We use a range of assessment and investigations to introduce, consolidate and extend pupils' understanding of food preparation and nutrition. We do not attempt to accelerate pupils' learning, but instead we encourage them to develop a more in-depth understanding of the principles they are studying, and this gives pupils a wider breadth of knowledge.
