Headteacher's Introduction

Dear Colleague,

I am delighted to be the Headteacher of Castle View School - a place where students are put first in everything we do. We value and invest in our colleagues to enable them to truly put the interests of our young people first. Our aims are to pursue excellence, to be the best we can be and we achieve this by working together with parents and the wider community to bring out the very best in our young people.

I am really pleased that you are considering Castle View as the place, if you join us, that you can truly make a difference. It is an exciting time to join the school as we have now joined Zenith Multi-Academy Trust. Through the work that you do with our young people, their families, our colleagues, the school and wider community, you will change lives and futures. We value the impact that adults can have on children and we are committed to investing in them to enable them to do their job to be the best. Our recent Ofsted Inspection commented that, "staff have professional development that is successfully improving their practice, including opportunities for teachers to work with other schools."

A good education inspires, opens doors and makes the difference to the lives of individuals, their families and the wider community. Therefore, we take our responsibilities as educators very seriously, doing all we can to help our students achieve anything and everything they set their minds to. We also take great pride in providing a happy and harmonious learning environment - one where every student is known as an individual. Despite the current challenges within education we are committed to be ever mindful that every decision has a human impact, be that on our students, our colleagues, parents and local community and this is a driving force behind our approach at Castle View School.

As well as valuing academic success, we strive for every child to become a well-rounded, caring and confident individual who plays a part in their community, and has the skills and mind-set to contribute positively to our wider society. Therefore, all our students have opportunities to develop not only their academic potential, but also their artistic, sporting and leadership talents.

Everyone who visits us always comments about the atmosphere and the ethos, which when seen in action makes us very different. We actively Pursue Excellence and there is a desire to Be the Best as our motto says but when you see, hear and feel it, I guarantee you will be keen to be part of it. You are very welcome to visit us and get to know how we do things and discover what it is that makes Castle View School the right choice for you and your career.
