Nick Hudson, Chief Executive Officer
at Ormiston Academies Trust (OAT)

Ormiston Academies Trust (OAT) is a not-for-profit academy trust, sponsoring primary and secondary academies since 2008.

Our vision is for all young people to have the highest academic, social and practical skills to allow them to lead a fulfilling life. We are determined to become the Trust that makes the biggest difference. OAT academies share the Ormiston Academies Trust ethos of ensuring every child reaches their full potential; being aspirational and committed to academic excellence and being supportive yet courageous in our approach. The principles that lead to our academies’ success are not complicated:

- . **Courage** – addressing the challenge where it’s not being addressed
- . **Aspiration** – no ‘can’t’ or ‘won’t’. There’s no place for excuses when a child’s future is at stake
- . **Culture** – insistence on the highest standards of performance and behaviour, without exception. That goes for teachers and students
- . Great leadership and finding the best teachers.

Trust Info

OAT is part of **Ormiston Trust**, which was set up by the Murray family in the name of Fiona Ormiston Murray—a young woman with her whole life ahead of her. She and her new husband were tragically killed in a car crash on their honeymoon in 1969.

Ormiston's programmes now support thousands of children, young people and their families all over the UK, helping to improve their life-chances so they can fulfil their potential and lead happy and productive adult lives.

Ormiston's programme of opening new academies continues with further expansion planned in the south of England, making future career opportunities with the Trust in this area within reach.

OAT is one of the leading academy sponsors in the country and is playing an increasingly significant role in the development and delivery of the national education strategy. As part of this role, successful applicants will be able to contribute to the further development of the network as well as leadership of their own academy.

Letter from Principal

Dear potential applicant

I thank you for your interest in our Academy and hope that you feel excited about applying to join our dedicated and enthusiastic body of staff.

We opened as an Academy in 2009 and moved into new purpose built accommodation in 2013. Our buildings are without doubt impressive and offer a modern professional environment to work within; for me the investment has served as a statement of the importance and value of education for the young people of this community.

At present, we have a relatively small number of students (approximately 620) however, in an area of continued and sharp demographic growth and we expect increasing numbers of students each year until we reach our capacity of 900. As such, there will be exciting opportunities for all as we mature and develop towards the outstanding establishment we desire to be.

Our Vision for our students is for them to 'Believe and Achieve' and this underpins all that we do. This means that we ask them to have the highest aspirations, not to be happy with or accept second best, to have an unfailing confidence in their ability to succeed, and to have the strength of character and determination to be the best they can. Please do come and meet our students as we are very proud of them and they are our greatest ambassadors.

As an Ormiston Academy, we are within a successful system leading Multi Academy Trust and this brings with it a host of professional networking and other opportunities. It also affords overarching leadership of high integrity and a absolute focus on what is best for our students.

I hope we have provided enough information to inform your decision making, if not do not hesitate to ring me for an informal conversation. Please ring via my PA Mrs Sally Spraggon. I look forward to receiving your application.
