MOULSHAM HIGH SCHOOL

JOB DESCRIPTION

FACULTY: SCIENCE

JOB TITLE: TEACHER OF SCIENCE – MPR

Science is large and forward-looking faculty; staff are very supportive of each other, with good practice and resources are shared regularly. There is strong leadership from the experienced and successful Head of Faculty.

STAFFING

There are currently twelve specialist teaching staff in science. Faculty meetings are held weekly and the views of all staff are valued.

Post holders are as follows:

- Head Of Faculty.
- Subject Leader Physics.
- Subject Leader Chemistry.
- Subject Leader Biology.
- Raising Achievement And Progress Co-ordinator: Years 7-9.

The work of the faculty is supported by a team of seven technicians, which includes a Senior Technician and a specialist for each of Biology, Chemistry and Physics, plus 3 additional support technicians.

FACILITIES AND RESOURCES

The school provides superb facilities for teaching science. There are seven laboratories in the main school building and in 2019 a new purpose built science block opened, containing four laboratories and a general classroom. These have greatly enhanced the learning environment in science.

Members of the science faculty have wireless-linked laptops that can connect to the school intranet and the internet from any laboratory. Every room also has a multimedia projector and electronic whiteboard. The faculty has comprehensive schemes of learning in place that are available to all staff electronically, with the equipment and books appropriate to lessons readily available.

AIMS

The work students do should:

- stimulate interest in, encourage curiosity about and provide enjoyment from the study of science;
- encourage responsibility for their own learning;
- improve the way in which knowledge is organised and data is presented and interpreted;
- meet the requirements of the National Curriculum and other external assessment schemes;
- show the importance and influence of science in everyday life.

PROVISION

To meet its stated aims, the faculty is continually revising and improving its courses to ensure they provide tasks that challenge students of different abilities and allow them to achieve their full potential.

Key Stage 5

Courses are offered leading to AS and A Levels in Biology, Chemistry and Physics. The number of students studying post-16 Science courses has increased substantially over recent years, unlike the national trend.

A Level Results 2019

	% A*-B	% A*-C	% A*-E
Biology	41.7	70.8	100
Chemistry	71.4	71.4	100
Physics	55.6	77.7	100

Key Stage 4

Triple Science is offered as an option to all students and currently has a take-up of approximately 80. Most of these students have high prior attainment and are very well motivated.

Triple Science Results 2019

	Physics	Chemistry	Biology
%9-7	50.91	60	63.64
% 9-4	100	100	100

Combined Science is compulsory for the rest of the cohort. In 2019, 77% students gained grades 9-4. The faculty begins to teach all of the G.C.S.E. courses in Year 9.

ENRICHMENT

The Science Faculty offers a wide range of enrichment opportunities both within and outside of the taught curriculum. These include Year 7 science club, Dissection Live, Year 9 biology fieldwork at Rainham Marshes and A level biology residential fieldwork at Flatford Mill.

THE POST

This post is for a fulltime teacher of science who will teach up to and including G.C.S.E. A level teaching may also be available.

The post is suitable for either a Career Entry or a more experienced teacher. Career Entry teachers have a reduced timetable of 40 out of 50 lessons a fortnight in Year 1. They also are allocated a mentor within their faculty and take part in a thorough induction programme, led by an Assistant Headteacher.

NOTF:

All staff at Moulsham High School are expected to:

- participate in the performance and development review process, taking personal responsibility for identification of learning, development and training opportunities in discussion with their line manager;
- comply with individual responsibilities, in accordance with the role, for health & safety in the workplace;
- ensure that all duties and services provided are in accordance with the school's Equal Opportunities Policy.

The duties above are neither exclusive nor exhaustive and the post holder may be required by the Headteacher to carry out appropriate duties within the context of the job, skills and grade. The

Governing Body is committed to safeguarding and promoting the welfare of children and young people
and expects all staff and volunteers to share this commitment.

See person specification below.

(April 2021)

PERSON SPECIFICATION POST: TEACHER OF SCIENCE – MPR

The qualities and attributes marked 'Essential' must be demonstrable at the point of interview. Over time we would also expect the successful candidate to acquire those marked 'Desirable.'
