From the Pupils

Hear from our staff

I joined Thames Park in 2020 with a brand-new cohort of 120 year 7 Pupils. My role is Lead Teacher in Maths, and my mission is to make Maths every student's favourite subject. Yes, I have set myself a challenge! At the end of our first year, the Pupils were fully engaged every lesson, making outstanding progress, but ultimately turning into lifelong lovers of Maths.

Our Pupils are the reason I work at Thames Park. They are eager to learn after the disruption of the lockdowns, they enjoy our well-planned lessons and give the staff immense job satisfaction.

We are supported in our school with high quality staff CPD especially in areas to improve our use of digital technology as we aspire to be the leading digital provider within our Trust. We are further encouraged to join local networks and funded to join National Associations.

Our curriculum plan for Maths is being developed to support teachers at all stages of their career. New team members would then be encouraged to work collaboratively to continue to improve opportunities for learning. As a small school staff support for each other is an integral part of our success. We also look forward to our team growing over the coming years. Our work in line with our core values drives everything we do, from student led assemblies to end of term fun days.

My journey with Thames Park has been an amazing one so far and I am grateful for all the opportunities I have been given and, we look forward to inviting you to join our team.

Sally Read

Lead Teacher of Maths

I joined Thames Park in September 2021 as the Lead Teacher of Humanities and have thoroughly enjoyed my time here. As a growing school with just year 7 and 8, Thames Park has a collegiate and caring approach which is embodied through our pastoral support and extensive enrichment offer.

I teach every student in the school, and this has obvious advantages including accurate formative and summative testing and assessments, and uniformity in what each student learns in humanities. The Pupils at Thames Park have a fascination with the humanities, especially history. History Club, on Monday evenings allows Pupils to investigate wider ranging historical events and protagonists that we do not study in class. They then have to present their findings to the cohort.

As a teacher with over 20 years of experience, I try to focus on building resilience in my Pupils by teaching the historical skills necessary in order to independently tackle historical material. My brief time at Thames Park has seen me building resilience in my Pupils to enable them to become self-responsible learners. I look forward to seeing the year 7 and 8 Pupils progress and grow and move forward towards GCSE, A level and life-long learning.
