Dear Applicant

Thank you for your interest in Grove House School. I would like to take this opportunity to tell you a little more about us. We opened as a new special school in September 2015 and quickly grew to our capacity. Due to demand for places at the school, our capacity roll has now further increased and we are again seeking to grow our current staff team. We currently have 114 pupils on roll across years 4-13. All of our pupils have an EHCP and have come to us from mainstream settings and other provisions. Our pupils' priority needs will be around speech, language and communication although many will have associated difficulties such as attention management issues, moderate learning difficulties and social and emotional needs.

Currently we have 10 form groups - one KS2, four KS3, three KS4 and two sixth form classes. Classes are ideally in groups of 12-15 pupils. Each class is generally supported by 2 Learning Support Assistants who stay with the class group across all lessons. Our teaching and therapy staff work together to support pupils.

We are a very friendly, supportive and welcoming staff. Our curriculum, whilst based on the national curriculum, is continually reviewed and ever changing as we look to meet the wide variety of individual pupil needs within each class group. Whilst this may have its challenges it also is extremely rewarding in that our staff have the flexibility to be creative and innovative in the development and delivery of the curriculum.

We are part of the SEAX Trust, a MAT consisting of 5 special schools, bringing opportunity to work collaboratively with other colleagues in our trust schools. Additionally we have a highly skilled and dedicated board of governors, some of whom were the proposers of the free school in its early days. They have supported us way beyond expectations and continue to be a valuable asset to the school.

I very much hope the post is of interest to you – please do contact us for further discussion.

Kind regards

Lisa Christodoulides

Dear Applicant,

Thank you for your interest in Grove House School and the Speech and Language Therapist role we have to offer. I would like to take this opportunity to tell you a little bit about the Speech and Language Team, Speech and Language provision within the school and what the job entails.

We are very excited to say that our Therapy team is growing nicely in conjunction with the school's growth and look forward to welcoming a new Therapist to our team. The successful applicant will be working alongside two other Speech and Language Therapists, our part time Occupational Therapist and our part time Music Therapist.

Speech and Language Therapy is integrated in our school curriculum. Each class has weekly Language Skills and Social Skills sessions (built on baseline assessments carried out each year). These are led by a Speech and Language Therapist and supported by the class team. Intervention within these sessions mainly comprise of small group activities, however can also include whole class activities where appropriate. These sessions typically cover vocabulary development/learning, comprehension skills, memory, sequencing, narrative, sentence structure, grammar, abstract language, aspects of body language, conversational skills, assertiveness, non-literal language, conflict resolution, group cohesion work and trips out into the community to practice social skills in a more functional way. This type of service delivery allows for a better understanding of each pupils Speech and Language profile, generalisation of Speech and Language Skills and immediate support and advice to staff members on how best to support pupils. Collaborative practice is key to ensuring student progress and ensures that our pupils are supported in the best possible way. Although speech and language is mainly delivered through the universal and targeted level through training and small group therapy, there is also the opportunity to work on a 1:1 therapy basis with a small number of our pupils who have more specific Speech and Language profiles. The role also includes ongoing support and training to parents and staff members.

The role will be well supported with regular supervision (from the Senior Speech and Language Therapist and peer supervision) and there is a healthy training and resource budget to enable CPD. For newly qualified therapists, we offer quality supervision, observation opportunities and a range of CPD/training to meet clinical competences. The role also benefits from working collaboratively with the other health and educational professionals within the school.

I do hope this information is useful. You will find more detailed information about Speech and Language Therapy at Grove House in the enclosed handbook. Please do not hesitate to contact for more information or to arrange a visit to look around the school.

Kind regards,

Jade Gosling-White
