Number on Roll: 360

No. to admit: 90 (Three form entry)

Headteacher: Mr Carl Messer BA(Ed) Hons NPQH

Chair of Govns: Mr David Chable

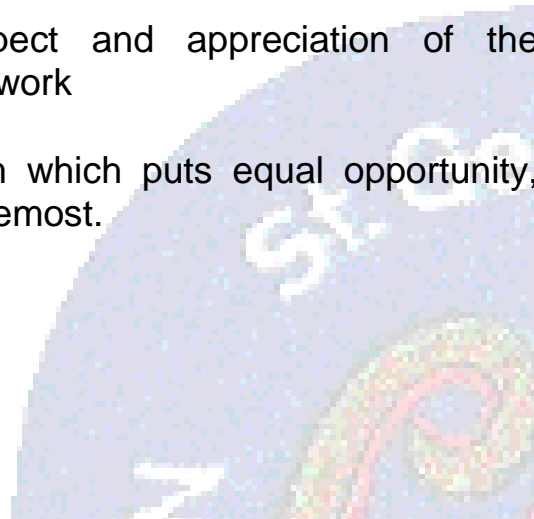

Our Vision Statement

St George's New Town Junior School...

...where we **grow** together to **reach** our **dreams** and **achieve** our potential; build **nurturing**, caring and secure partnerships, enjoy **opportunities** for all to build skills for life and make a difference in our world.

Our Aims

- To provide a friendly, safe, caring, and stimulating environment in which learning and teaching can flourish.
- To involve parents/carers as fully as possible in their children's education and to develop the school's partnership with the wider community.
- To help the children acquire the knowledge, concepts, skills and attitudes which will enable them to become responsible and healthy citizens.
- To encourage children to be confident and independent learners, and to contribute to the life of the school.
- To achieve the highest possible educational standards.
- To foster an awareness, respect and appreciation of the environment in which we live and work
- To work as members of a team which puts equal opportunity, achievement and co-operation foremost.

Our School

We are passionate about our school. Why? ... you ask.

It's simple really. St. George's School is at the heart of our community. Many of our children's parents, grandparents, aunts and uncles were educated at St. George's. The school has served four generations of the same families and we are very proud of our links with the community. St. George's is a well-established school with a sense of pride, community spirit and values.

It is also a school which is proud to be pushing forward; trying to develop increasingly effective teaching and learning strategies that support all of our children.

We are focussed on improving many aspects of school life. We are developing excellent skills in assessment, are improving the way we skill children up as writers and mathematicians, and supporting children effectively in both their learning and well-being. We also aim to improve the curriculum for all our young learners through linking to wider research projects, and are providing improved facilities, including state-of-the-art ICT resourcing and have recently completed a new capital building programme which includes new classrooms, a new staff area, improved SEN areas and a new library.

However, we still have much to do and believe that by working in partnership to achieve a common purpose we will establish a school that is at the cutting edge of educational practice.

To do this we are keen to appoint new colleagues to the school to work in partnership with our Headteacher, Deputy Headteacher, and wider team. We are sure you will agree, this is an excellent opportunity at a very exciting time.

So, as you can see, we really are passionate about our school and recognise that through enabling inspirational teaching, learning and leadership, we will set the school well on the way to improving further still.

The Headteacher and Governing Body
